SBHA Launches New Website

Silver City, New Mexico – Spanish Barb Horse Association (SBHA) has deployed a new website. This new website at <http://www.spanishbarb.org>, offers information on the history of the horses, the breed standards along with information on SBHA and how to join the association.

The new website is a work in progress and in the future will include the ability to join and pay for your membership on-line. We will be adding some of the old newsletters, articles, photos and new benefits for the membership. The SBHA website will serve as an archive for news articles, newsletters and other resources for SBBA, SBHA and the Colonial Spanish Horse.
